## MOTOR VEHICLE TRANSPORT ACT, 1987

### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

#### EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an

interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

## **MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS**

### **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest

hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

### EXTRA-PROVINCIAL APPLICATIONS:

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

### **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. ## MOTOR VEHICLE TRANSPORT ACT, 1987

### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

4. In the year 1993, the amount of taxes on each property shall be calculated by multiplying the 1993 total mill rate for the Village of Killaloe for all purposes by the assessment on that property, as shown on the last revised assessment roll for the Village of Killaloe for the 1993 tax year, and subtracting therefrom 6.25 per cent of the tax differential established under section 11.

“township assessment” means,

- (a) in the case of a township property entirely included in the area to be annexed to the Village of Killaloe, the assessment on that property prepared by the assessment commissioner for the 1990 taxation year, as adjusted by such additional assessments as have been made under section 32 or 33 of the *Assessment Act*, as it exists on the day before the date of annexation,

on and after the date of annexation for that portion of the property remaining in the Township of Hagarty and Richards, and

(3) In the year 1990, the treasurer of The Corporation of the Village of Killaloe shall establish a tax differential for each property in the area to be annexed to the Village of Killaloe by calculating the product of the 1990 mill rate for the Village of Killaloe for all purposes and the village assessment for that property and subtracting therefrom the product of the 1990 total mill rate for the Township of Hagarty and Richards for all purposes and the township assessment on that property and then subtracting \$50 from the result.

(4) Despite subsection (3), the tax differential shall not be less than zero.

12.—(1) For the lands described in Schedule A, the “phase-in period” means the period from the 1st day of April, 1990 to the 31st day of March, 1993, inclusive.

(2) If two or more properties in the area to be annexed to the Village of Killaloe are consolidated during the phase-in period, the tax differentials for those properties shall be consolidated to establish a new tax differential for the consolidated property.

(3) If the total assessment of the consolidated property is less than the aggregate of the assessments on the constituent properties, the new tax differential shall be reduced in the same proportion and at the same time as the total assessment is reduced.

REGULATION MADE UNDER THE  
EDUCATION ACT

CALCULATION OF FEES FOR PUPILS, 1990

1. In this Regulation,

“A.D.E.” means average daily enrolment for 1990 calculated under Ontario Regulation i27/85 (Calculation of Average Daily Enrolment);

- “current cost of operating”, “elementary school pupil”, “eligible sum for French as a first language”, “eligible sum for French as a second language”, “eligible sum for Native as a second language”, “eligible sum for full-day kindergarten”, “non-resident pupil”, “O.E.”, “P.A.C.”, “R.O.E.”, “resident-internal pupil” and “secondary school pupil” have the same meaning as in Ontario Regulation 141/90 (General Legislative Grants) except that,
- (a) in respect of a board appointed under section 70 of the Act, “current cost of operating” does not include current expenditure for furniture and equipment and for debt charges, and
- (b) if a board has entered into an agreement under subsection 165 (2) of the Act that provides for a payment by the Crown in right of Canada to provide classroom

accommodation for a specified number of pupils, the P.A.C. for each such pupil, shall be zero;

“high cost program” means,

- (a) a special education program, other than a program provided in the board's school in lieu of an education program provided by a provincial school for the blind and the deaf or other similar program for which a general legislative grant is payable, or
- (b) a program that includes technological studies that qualify for one or more credits toward the secondary school graduation diploma or Ontario secondary school diploma;

“technological studies” means, the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading “Technological Studies” in the circular entitled “Ontario Schools Intermediate and Senior Divisions Program and Diploma Requirements” issued by the Minister. O. Reg. 142/90, s. 1.

2.—(1) This Regulation applies to fees for pupils in respect of the year 1990.

(2) The fees of a board that provides instruction for one or more pupils in respect of whom fees are receivable shall be calculated under this Regulation separately for elementary school purposes and for secondary school purposes. O. Reg. 142/90, s. 2.

3.—(1) Except as provided in section 4, the fee in respect of a pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians or for a pupil to whom subsection 48 (6) of the Act applies, shall be calculated by,

- (a) subtracting from the current cost of operating of the board that provides the instruction, the grants payable to the board in respect of the eligible sum for French as a first language, the eligible sum for French as a second language, the eligible sum for Native as a second language, the eligible sum for full-day kindergarten, and the reduction in class-size in grades 1 and 2 as determined under section 20 of Ontario Regulation 141/90 (General Legislative Grants) and dividing the difference so obtained by the sum of the average daily enrolment in respect of resident-internal and non-resident pupils of the board,

- (i) calculated under section 2 of Ontario Regulation 127/85 (Calculation of Average Daily Enrolment), and

- (ii) calculated under section 4 of Ontario Regulation 127/85 (Calculation of Average Daily Enrolment) in respect of a course of study acceptable to the Minister that the board is authorized or required to provide in its day school program in grades 1 to 8; and

- (b) multiplying the A.D.E. of the pupil to whom subsection 48 (6) of the Act applies or the A.D.E. of the pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority, as the case may be, by the sum of,

- (i) the amount determined under clause (a), and

- (ii) the P.A.C. for such pupil.

(2) Subclause (1) (b) (ii) does not apply to a board that is appointed under section 70 of the Act.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a Native language program and whose fee is receivable from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians may be increased by an amount equal to the portion of the eligible sum for Native as a second language that would be generated for such pupil if the pupil were a resident pupil of the board.

(4) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program may be increased by multiplying the fee by a factor agreed upon by the board and party from whom the fees are receivable when,

- (a) the ratio of the A.D.E. of such pupils registered in a high cost program for whom fees are receivable by the board from such party to the A.D.E. of pupils enrolled in such high cost program conducted by the board,

is greater than,

- (b) the ratio of the A.D.E. of such pupils for whom fees are receivable by the board from such party to the A.D.E. of pupils enrolled in schools operated by the board.

(5) If under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators.

(6) If the fee is in respect of a pupil for whom the Minister pays the cost of education, the three arbitrators shall be,

- (a) one arbitrator appointed by the board that provides the instruction;

- (b) one arbitrator appointed by the Minister; and
- (c) one arbitrator appointed by the arbitrators appointed under clauses (a) and (b).

(7) In all cases other than a case to which subsection (6) applies, the three arbitrators shall be,

- (a) one arbitrator appointed by the board that provides the instruction;
- (b) one arbitrator appointed by the board from which or the party from whom the fee is receivable; and
- (c) one arbitrator appointed by the Minister.

(8) The decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned. O. Reg. 142/90, s. 3.

4. The fee in respect of a pupil enrolled in a school operated by a board that is appointed under section 70 of the Act in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium shall be calculated by,

- (a) adding to the current cost of operating of the board that provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils and deducting from the total thereof the general legislative grants payable to the board for such year, except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause (b) by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 142/90, s. 4.

5.—(1) The fee charged by a board in respect of a pupil, other than a pupil whose fees are receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians, whose parent or guardian is resident in Ontario, shall not exceed the fee referred to in subsection (3) or (4), as the case requires.

(2) Subsection (1) does not apply to a board that is appointed under section 70 of the Act.

(3) The fee in respect of one or more pupils who reside with their parent or guardian in a school section, separate school zone or secondary school dis-

trict on land that is exempt from taxation for school purposes shall not exceed,

- (a) \$70 for each month such pupil or pupils are enrolled in an elementary school operated by the board; and
- (b) \$70 for each month such pupil or pupils are enrolled in a secondary school operated by the board.

(4) In the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, the fee in respect of the pupil shall not exceed, for each month the pupil is enrolled, the greater of,

- (a) \$70; and
- (b) one-tenth of the sum of,

(i) the quotient obtained by dividing,

- (A) the board's estimate of the excess of its O.E. for the year over its R.O.E.,

by,

- (B) the A.D.E. of the board for the year that is in respect of resident-internal pupils of the board, and

(ii) the P.A.C.

(5) If a pupil is enrolled in a high cost program the amount calculated under subsection (4) may be increased by an amount that takes into account the additional cost to the board of providing the high cost program. O. Reg. 142/90, s. 5.

6.—(1) The fee in respect of a pupil whose parent or guardian does not reside in Ontario shall be such fee as the board providing the instruction to the pupil may determine and, except as is provided in subsection (3), shall not exceed the product obtained by multiplying one-tenth of the sum of the quotient determined under clause 3 (1) (a) and the P.A.C. for the pupil by the number of months during which the pupil is enrolled in such year in a school operated by the board.

(2) Subsection (1) does not apply to a pupil to whom subsection 48 (6) of the Act applies.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program shall be determined by multiplying the fee determined under subsection (1) by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable. O. Reg. 142/90, s. 6.

7.—(1) The fee charged by a board in respect of a

pupil who is not qualified to be a resident pupil of the board and for whom an educational program is provided in a hospital or treatment centre shall be such fee as may be agreed upon between the board that provides the program and,

- (a) the board of which the pupil is qualified to be a resident pupil; or
- (b) if the pupil is not qualified to be a resident pupil of a board, the parent or guardian of the pupil.

(2) Subsection (1) does not apply to a board that provides the educational program if the board,

- (a) is appointed under section 70 of the Act; or
- (b) receives a grant under section 27 of Ontario Regulation 141/90 (General Legislative Grants) with respect to that educational program. O. Reg. 142/90, s. 7.

## ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 145/90.

Exemption—Ministry of Natural Resources—MNR-26/7.

Made—March 21st, 1990.

Approved—March 21st, 1990.

Filed—March 30th, 1990.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-26/7

Having received a request from the Ministry of Natural Resources that an undertaking, namely:

Disposition by the Ministry of Natural Resources of certain or all rights to Crown resources,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following dam-

age or interference with the persons indicated will occur:

- A. The Crown and the public will be interfered with and damaged by the undue time and expense required to prepare environmental assessments for undertakings which are expected to have insignificant adverse effects on the environment.

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of the Environment will be notified of all proposed dispositions for enterprises or activities which are expected to have potentially significant adverse environmental effects.
- B. This order provides the opportunity for the Minister of the Environment to seek the concurrence of the Lieutenant Governor in Council to designate major commercial or business enterprises or activities or proposals, plans or programs in respect of major commercial or business enterprises or activities as undertakings subject to the *Environmental Assessment Act* prior to any disposition of Crown resources.

This exemption is subject to the following terms and conditions:

1. In this order,

“environment” has the same meaning as in the Act which includes the natural environment and the social, economic and cultural conditions that influence the life of man or a community; and

“project” means an enterprise or activity, not subject to the Act, for which an application for the disposition of Crown resources is being considered.

2. Where a proposed disposition is for a project which, in the opinion of the Ministry of Natural Resources, may have significant adverse effects on the environment, the District Manager of the appropriate District Office of the Ministry of Natural Resources shall,

- (a) ensure the provision of public notice of the proposed project, and the MNR District Manager may request the disposition applicant to provide such notice;
  - (b) provide notice of the proposed project to government ministries and agencies which may have an interest in the proposed project, and such notice shall, in all cases, be given to the Environmental Assessment Branch and the appropriate Regional Office of the Ministry of the Environment;
  - (c) provide a minimum of thirty days for response to any notices given under clauses 2 (a) and (b) before proceeding under Condition 3.
3. After discussing concerns with any party who has raised concerns, the District Manager of the appropriate District Office of the Ministry of Natural Resources shall make a determination that,
- (1) the proposed project will not have significant adverse effects on the environment, and the Ministry of Natural Resources may proceed to grant the disposition; or
  - (2) the proposed project may have significant adverse effects on the environment.
4. If the MNR District Manager makes the determination referred to in subcondition 3 (2), or the Minister of the Environment gives the MNR District Manager notice under Condition 10, the MNR District Manager shall follow the procedure set out in Condition 2, if it has not already been done, and shall carry out the following steps:
- (a) the disposition applicant, and any party that has raised concerns, will be notified in writing, that the proposed project will be referred to the Ministry of the Environment for consideration and may ultimately be subject to the Act;
  - (b) the notification under clause 4 (a) shall describe the manner in which such a project may become subject to the Act and the prohibitions attached to the proposed activity when referred to the Ministry of the Environment should the project become subject to the Act before the disposition is granted;
  - (c) at the time of giving the notification under clause 4 (a), the Ministry of Natural Resources shall advise the Director of the Environmental Assessment Branch and the appropriate Regional Director of the Ministry of the Environment, in writing, of the notice, and provide these Directors with the following additional information: the purpose, location, and description of the proposed project, expected significant adverse environmental effects, proposed mitigation measures, the identity or description of any affected agencies and members of the public with concerns, the concerns with respect to the proposed project, and any proposed means of addressing the concerns; and
  - (d) any additional comments or information received following notification pursuant to clause 4 (c) shall be forwarded to the above Directors.
5. Within forty-five days of the Director of the Environmental Assessment Branch of the Ministry of the Environment receiving a notice as described in clause 4 (c), and, after consultation with the Ministry of Natural Resources, the Director will, by written notice to the Ministry of Natural Resources and the disposition applicant which outlines the reasons, advise:
- (a) that the Ministry of the Environment does not intend to seek designation of the project in connection with the proposed disposition, in which event the Ministry of Natural Resources may proceed with the disposition;
  - (b) that the Ministry of the Environment intends to seek designation of the project in connection with the proposed disposition, in which event the disposition shall not be granted under this order until approval to proceed with the project is granted; or
  - (c) that the Ministry of the Environment is considering the application of clause 5 (b) to the project, in which event a specified time for a decision on designation, as described in clause 5 (a) or 5 (b), will be set out, from time to time, by notice to the Ministry of Natural Resources, and the forty-five-day period shall be extended accordingly.

6. Where Conditions 2, 3, 4 or 5 apply, MNR may not proceed with the disposition except as set out therein.
7. Where the Minister of the Environment is considering the matter, and written notice of a decision on designation has not yet been provided to the Ministry of Natural Resources and the disposition applicant under Condition 5,
  - (a) the Ministry of the Environment may give such further notices to the public and other individuals or agencies who might be affected by the disposition or undertake other public consultation as it deems appropriate;
  - (b) the Ministry of Natural Resources shall provide further available information upon the request of the Ministry of the Environment;
  - (c) the Ministry of the Environment may request that the disposition applicant provide further information or carry out further research.
8. Where the Director of the Environmental Assessment Branch of the Ministry of the Environment does not notify the Ministry of Natural Resources as provided for in Condition 5, the Ministry of Natural Resources may proceed with the disposition.
9. Where a proposed disposition is for,
  - (a) a hydrocarbon pipeline project which has been approved by the National Energy Board or the Ontario Energy Board;
  - (b) an undertaking of the Government of Canada; or
  - (c) an undertaking for which the Ministry of Natural Resources is required by statute or regulation to grant a disposition,

the disposition associated with such a project shall not be subject to Conditions 2 through 8 of this order.
10. The Minister of the Environment may, with respect to any project for which a disposition application has been made, by written notice to the Ministry of Natural Resources,
  - (a) determine that the proposed project may have significant adverse environmental effects and if such a determination is made, Conditions 4 to 8
- shall apply to the dispositions for the project; and
- (b) determine the form of any notice issued in regard to the dispositions and who is to receive such notice.
11. Notwithstanding any of the foregoing, the Minister of the Environment may recommend to the Lieutenant Governor in Council the designation of any project as a major commercial or business enterprise or activity or proposal, plan or program in respect of a major commercial or business enterprise or activity which shall be subject to the Act.
12. This order does not exempt a disposition activity to a disposition applicant whose proposed activity is subject to the Act (or would be so subject except for another exemption), unless the disposition applicant has complied with the provisions of the Act (including any provisions of an approval or other exemption), which apply to the disposition applicant with respect to the proposed activity, in which case, the disposition is not subject to Conditions 2 to 8 of this order.
13. Where a disposition which otherwise would be exempt under this order is being carried out in connection with, or is part of, an undertaking, for which an environmental assessment has been done and approval to proceed received, the disposition shall not be exempt under this order but shall be carried out in accordance with the approval to proceed; and where the reasons for a condition of approval issued to the Ministry of Natural Resources indicate the approval should apply to particular dispositions, such dispositions shall not be exempt hereunder.
14. This order takes effect upon the expiry of Exemption Order MNR 26/6, filed as Ontario Regulation 172/89.
15. Any request for an extension to this order shall be accompanied by documentation supporting the continuance of the order, or any amendments to the order which may be proposed, and shall be submitted to the Minister of the Environment by September 30, 1994.
16. This order shall expire on the latter of March 31, 1995 or such later date as is determined by the Minister of the Environment and published in *The Ontario Gazette*. O. Reg. 145/90.

The following are applications for extra-provin-  
cial truck transport operating licences under Part I

dence, within thirty-nine days of this publi-

## MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

**PUBLIC NOTICE****THE MOTOR VEHICLE TRANSPORT ACT,  
1987, PART II TRUCK APPLICATION**

The Applicant listed herein has applied for a licence under Part II of the Motor Vehicle Transport Act, 1987. The Application was published in the Ontario Gazette of **February 17, 1990**,

Notice of Objection and written evidence was filed on this application, within the time prescribed, by interested persons. The Ontario Highway Transport Board has considered the evidence filed and is satisfied that in the absence of evidence to the con-

trary the operation of the truck undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

Accordingly, the Board has directed that a public hearing be held at the Board's Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario as indicated hereunder:

For further information with respect to this hearing, members of the public are advised to contact the Secretary of the Board.

**DEMANDE D'EXPLOITATION D'UNE  
ENTREPRISE DE CAMIONNAGE PRÉSENTÉE  
EN VERTU DE LA PARTIE II DE LA LOI DE  
1987 SUR LES TRANSPORTS ROUTIERS :**

Le requérant mentionné ci-après a présenté une demande de licence en vertu de la partie II de la Loi de 1987 sur les transports routiers. La demande a été publiée dans la Gazette de l'Ontario du 17 février 1990.

L'avis d'objection et la preuve écrite ont été joints à cette demande et déposés par les intéressés dans les délais prescrits. La Commission des transports routiers de l'Ontario a pris en considération la preuve déposée et estime que, faute de preuve contraire, l'exploitation de l'entreprise de camionnage faisant l'objet d'une demande de licence serait sans doute préjudiciable à l'intérêt public.

Par conséquent, la Commission a décidé qu'une audience publique aurait lieu dans la salle de tribunal de la Commission, Britannica House, 151, rue Bloor ouest, 10<sup>e</sup> étage, Toronto, Ontario, tel qu'indiqué ci-après.

Pour de plus amples renseignements sur cette audience, s'adresser au secrétaire de la Commission.

## MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

### EXTRA-PROVINCIAL APPLICATIONS:

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

# **MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS**

## **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle

Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness

requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

THE MOTOR VEHICLE TRANSPORT ACT,  
1987, PART II TRUCK APPLICATION

The applicants listed herein have applied for a licence under Parts II and III of the Motor Vehicle Transport Act, 1987. The Applications were pub-

lished in the Ontario Gazette of January 27th, 1990 and March 3rd, 1990 respectively.

For further information with respect to these hearings, members of the public are advised to contact the Secretary of the Board.

- (b) if the need to do work was not reasonably foreseeable when the multi-year plan was filed; and
- (c) if the work meets the requirements of clauses (2) (a) and (c).

(4) On an application subsequent to the one that included the multi-year plan, the Minister shall find that the capital expenditure is continuing if the work was included on the landlord's multi-year plan or was included in the capital expenditure under subsection (3) and,

- (a) if it is substantially completed within five years after the period referred to in clause (2) (b) began; or
- (b) if it is completed five or more years after the period referred to in clause (2) (b) began and the completion was delayed for reasons beyond the landlord's control.

(5) For the purpose of making allowances for a capital expenditure, only that portion of a capital expenditure found to be continuing and substantially completed during the period described in subsection

16 (2) shall be recognized in that period. O. Reg. 190/90, s. 2, *part*.

#### Interest on Capital Expenditures

**12.—**(1) The interest rate allowed on capital expenditures is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the third month before the effective date of the first rent increase for which application is made.

(2) The interest rate applies with respect to the whole capital expenditure, whether financed by borrowing or out of the landlord's own funds.

(3) Despite subsection (2), if the actual interest rate being paid by the landlord on borrowed funds is discounted because the lender has received a guarantee from or on behalf of the landlord, the interest rate allowed on the borrowed funds,

- (a) if the actual interest rate is less than or equal to the rate calculated under subsection (1), shall be the greater of,
    - (i) the sum of the actual interest rate and the value of the guarantee, or
    - (ii) the rate calculated under subsection (1);
  - (b) if the actual interest rate is greater than the rate calculated under subsection (1), shall be the sum of the rate calculated under subsection (1) and the value of the guarantee.
- O. Reg. 190/90, s. 2, *part*.

#### Anticipated Useful Life

**13.—**(1) The anticipated useful life of new items included in a capital expenditure shall be as set out in Tables 1 and 2.

(2) The anticipated useful life of an item not described in Table 1 or 2 shall be determined with reference to characteristics of the item that are common to other items set out in the Tables and to factors which are reasonable in the marketplace.

(3) The anticipated useful life of an item that is not new shall be considered to be the remaining useful life of the item that is reasonable in the circumstances. O. Reg. 190/90, s. 2, *part*.

#### Allowance for Management and Administration

**14.—**(1) In order to be eligible for an allowance for management and administration for a capital expenditure, a landlord is required to disclose information concerning the capital expenditure to the tenant, subtenant or occupant of each rental unit that is subject to a tenancy agreement.

(2) Disclosure is not required for capital expenditures included in an application under subsection 86 (1) of the Act (part building review).

(3) Disclosure is not required for capital expenditures that result from an emergency in which the life, health or safety of tenants is at risk or in which there is a risk of substantial additional damage to property.

(4) Disclosure is not required with respect to work resulting from a capital expenditure,

- (a) if disclosure of information for the capital expenditure was made; and
- (b) if the need to do the work was not reasonably foreseeable when the disclosure was made.

(5) The landlord shall give each tenant, subtenant or occupant a written disclosure notice at least thirty days before beginning the capital expenditure.

(6) Upon request, the landlord shall give a disclosure notice to each person who becomes a tenant, subtenant or occupant after the date described in subsection (5) and before the landlord makes an application under section 74 of the Act respecting the capital expenditure.

(7) The disclosure notice shall include,

- (a) the name of the landlord;
- (b) the address of the residential complex;
- (c) a description of the planned work to be done, including details of the nature, extent, earliest start date and estimated cost of the capital expenditure;

O. Reg. 190/90, s. 2, *part*.

**14a.**—(1) The amount of the allowance for management and administration for a capital expenditure shall be determined in accordance with this section.

(2) The allowance for management and administration is nil unless the landlord discloses the particulars of the capital expenditure in accordance with section 14.

(3) The amount of the allowance for management and administration for a capital expenditure that is not made for an emergency is the sum of,

- (a) 5 per cent of the amount of the capital expenditure, excluding amounts for the purchase and installation of furniture, appliances,

furnishings and similar fixtures within rental units; and

- (b) 5 per cent of the amounts for the purchase and installation of furniture, appliances, furnishings and similar fixtures within each rental unit if the tenant of the rental unit agrees in writing to them.

(4) The amount of the allowance for management and administration for a capital expenditure that is made for an emergency is 5 per cent of the amount of the capital expenditure.

(5) In determining the amount of a capital expenditure for the purpose of this section,

- (a) the amount of the purchase price, installation cost, renovation cost or construction cost shall not be reduced by the amount of any proceeds that the landlord may receive for insurance, salvage, resale or trade-in relating to the capital expenditure; and
- (b) the amount of the capital expenditure shall not include any amount for the landlord's own labour. O. Reg. 190/90, s. 2, *part*.

#### Labour Provided by the Landlord

**15.** If the landlord provides labour required to carry out a capital expenditure, the value of the landlord's own labour shall be found to be an amount that is reasonable in the marketplace. O. Reg. 190/90, s. 2, *part*.

**3.** Subsection 16 (2) of the Regulation is amended by striking out "subject to subsection 10 (3)" in the second line.

**4.** Subsection 20 (1) of the Regulation, as amended by section 3 of Ontario Regulation 518/87, is amended by striking out "the cost of the capital expenditure, as set out in clauses 11 (1) (a), (c), (d) and (e)" in the seventh, eighth and ninth lines and substituting "the amount of the capital expenditure".

**5.** Section 22 of the Regulation and the heading preceding section 22 are revoked.

**6.** The Regulation is amended by adding the following section:

**26a.**—(1) This section applies,

- (a) if a capital expenditure is considered to be part of the acquisition costs of a residential complex under subsection 20 (1);

- (b) if the capital expenditure is financed in whole or in part by the landlord's own funds; and
- (c) if the amount of the financing recognized for the purchase of the residential complex is less than the maximum amount permitted under section 26.

(2) The amount calculated under subsection (5) shall be treated as if it were a financing cost for the purpose of determining the financial position of the residential complex, the amount of an allowance to relieve the landlord from hardship and the amount of the landlord's financial loss and economic loss in respect of the complex.

(3) The interest rate to be used with respect to the amount calculated under subsection (5) is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the month in which the acquisition occurred.

(4) The amortization period to be used with respect to the amount calculated under subsection (5) is twenty-five years.

(5) The amount is the lesser of,

- (a) the amount of the capital expenditure financed by the landlord's own funds; and
- (b) the maximum amount of financing that may be recognized under section 26 less the amount of the actual financing recognized for the purchase of the residential complex. O. Reg. 190/90, s. 6.

#### **7. Section 38 of the Regulation is amended by adding the following subsections:**

(4) If the landlord purchased the residential complex within five years after the first effective date of an order under section 74 or 86 of the Act in which an allowance for capital expenditures was made respecting the complex, the financial position of the complex shall be adjusted by adding to the revenue, as otherwise calculated, the amount, if positive, calculated using the formula,

$$(A \times B \times C \times D) - D$$

in which,

"A" is the amount of the allowed financing for the purchase of the complex, divided by the amount of the acquisition costs,

"B" is the amount of the acquisition costs divided by the annualized maximum rent for all rental units in the complex as at the acquisition date,

"C" is the weighted average, multiplied by twelve, of the monthly payment factors per dollar of the allowed financing for the purchase of the complex (set out in an amortization table), determined using the recognized interest rates and the amortization periods specified under this Regulation for the allowed financing, and

"D" is the sum, after any reduction made under subsection 78 (2) of the Act, of the allowances for capital expenditures made in all previous orders respecting the complex under section 74 or 86 of the Act with first effective dates within five years before the acquisition date.

(5) For the purpose of subsection (4), the amount represented by "D" shall not include any allowance for a capital expenditure found to be of a continuing nature, or found to be continuing,

- (a) if the capital expenditure is set out in a multi-year plan or consists of work that forms part of such a capital expenditure under the authority of subsection 11 (3); and
- (b) if the first effective date of the order in which the capital expenditure is found to be of a continuing nature is more than five years before the acquisition date. O. Reg. 190/90, s. 7.

#### **8. Subsection 48 (10) of the Regulation is revoked and the following substituted:**

(10) The amount of the management and administration allowance is the sum of,

- (a) 2 per cent of the cost of purchasing and installing furniture, appliances, furnishings and similar fixtures; and
- (b) 5 per cent of the total of direct labour and material costs, other than costs described in clause (a).

(10a) The amount calculated in subsection (10) shall not include any costs otherwise recognized under the Act respecting management and supervision. O. Reg. 190/90, s. 8.

#### **9. The Regulation is further amended by adding the following sections:**

##### **Part Building Review**

70.—(1) For the purposes of clause 87 (1) (c) of the Act, the allowance for management and administration with respect to a capital expenditure shall be 5 per cent of the amount of the capital expenditure.

(2) In determining the amount of a capital expenditure for the purpose of this section,

- (a) the amount of the purchase price, installation cost, renovation cost or construction cost shall not be reduced by the amount of any proceeds that the landlord may receive for insurance, salvage, resale or trade-in relating to the capital expenditure; and
- (b) the amount of the capital expenditure shall not include any amount for the landlord's own labour. O. Reg. 190/90, s. 9, *part*.

71. For the purpose of clause 87 (1) (d) of the Act, the Minister shall make findings in respect of the rental units that are the subject of an application regarding,

- (a) changes in the services and facilities provided by the landlord to the residential complex or any rental units located therein, to the extent that the changes relate to the rental units that are the subject of the application;
- (b) the allocation of costs and revenue that are shared and specific to the residential complex that forms part of the same project;
- (c) the allocation of costs and revenue that are shared and specific to the residential complex under review and any non-residential components that form part of the same project;
- (d) the allocation of costs and revenue that are shared and specific to rental units in the residential complex under review; and
- (e) amounts described in subsections 92 (1) and (2) of the Act to be phased in under a previous order respecting the residential complex. O. Reg. 190/90, s. 9, *part*.

72.—(1) For the purposes of clause 71 (a), changes in services and facilities shall be determined in the manner set out in this section.

(2) Changes in parking and cablevision shall be determined in accordance with subsections 7 (2) to (4), (6), (7) and (8).

(3) Findings regarding the withdrawal of services or facilities, other than parking and cablevision, shall be made in accordance with subsection 57 (3).

(4) Findings regarding the reduction of services or facilities, other than parking and cablevision, shall be made in accordance with subsection 57 (4).

(5) If the Minister finds that a service or facility is provided for the first time and the Minister determines that the service or facility is a capital expenditure that the landlord has experienced or will experience, the Minister shall make findings in accordance with sections 10, 10a, 10b, 12 to 16, 18, 19 and 20.

(6) Subsection (5) does not apply with respect to parking, to the extent that section 7 applies in the circumstances, or with respect to cablevision. O. Reg. 190/90, s. 9, *part*.

73.—(1) For the purposes of clause 71 (b), where components of a project include more than one residential complex, one of which is the residential complex under review,

- (a) the costs that are shared among residential complexes shall be allocated to each residential complex on the basis of the proportional gross potential rent for the rental units in each residential complex that are affected by the capital expenditure unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and
- (b) the costs that are allocated to the residential complex under review pursuant to clause (a) shall be allocated to the rental units of the residential complex that are the subject of the application to the extent that they affect those rental units.

(2) For the purposes of clause 71 (c), where a project includes residential and non-residential components,

- (a) the costs that are shared among the components shall be allocated to the residential complex under review in the same proportion that revenue of the residential complex determined by gross potential rent bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and
- (b) the costs that are allocated to the residential complex pursuant to clause (a) shall be allocated to the rental units that are the subject of the application to the extent that they affect those rental units.

(3) For the purposes of clause 71 (d), costs that are shared and specific to rental units in the residential complex under review shall be allocated to rental units that are the subject of the application to the extent that they affect those rental units. O. Reg. 190/90, s. 9, *part*.

74. In apportioning the total rent increase amongst the rental units in the residential complex, the Minister may take into account the rent schedule proposed by the application and the degree to which the capital expenditures the landlord has experienced or will experience in respect of the residential complex affect individual rental units in the residential complex. O. Reg. 190/90, s. 9, *part*.

75. A capital cost revenue statement referred to in subsection 86 (3) of the Act shall be in Form 11. O. Reg. 190/90, s. 9, *part*.

"operating day", in relation to a direct discharger's plant, means a twenty-four hour period during which wood is processed or pulp, paper, paperboard, fibreboard or tissue is manufactured at the plant, beginning at a time specified by the direct discharger in the initial report;

**(2) Subsection 1 (1) of the Regulation is further amended by adding the following definition:**

"storm event", in relation to a plant, means a rainfall or series of rainfalls on an operating day that in total exceeds five millimetres as measured by a rain gauge within eight kilometres of the plant or an Environment Canada meteorological station within eight kilometres of the plant;

**2. Section 3 of the Regulation is amended by adding the following subsections:**

(5) In addition to complying with subsection 3 (19) of the General Effluent Monitoring Regulation, each direct discharger shall use only sampling equipment for the collection of samples, the wettable surfaces of which are made of,

- (a) fluorocarbon resins, glass or stainless steel for samples that are to be analyzed for parameters in analytical test groups 26, PP2 and PP3; and
- (b) fluorocarbon resins, glass, stainless steel, high or low density polyethylene, polyethylene terephthalate, polystyrene or polypropylene for samples that are to be analyzed for parameters in analytical test group PP1.

(6) Despite subsection (5), a direct discharger may use sampling devices that contain a short section of surgical grade silicone rubber tubing or other tubing approved by the Director if such tubing cannot be replaced by a material mentioned in subsection (5) without impairing the operation of the device.

(7) For the purposes of subsections 3 (22), (25a) and (26) of the General Effluent Monitoring Regulation,

- (a) a sample collected for analysis for parameters in more than one analytical test group as set out in Schedule L is deemed to be a sample collected for analysis for parameters in more than one analytical test group as set out in Schedule 1 to the General Effluent Monitoring Regulation; and
- (b) a laboratory sample container specified in Column 2 of Schedule 1 to this Regulation is deemed to be a laboratory sample container specified in Column 2 of Schedule 2 to the General Effluent Monitoring Regulation.

(8) Instead of the minimum sample volumes specified in Column 5 of Schedule 1, a direct discharger may, in relation to a sample to be analyzed, submit to the laboratory performing the analysis the minimum sample volume required by the laboratory to meet the analytical method detection limits set out in Column 6 of Schedule 2.

(9) Each direct discharger shall ensure that there is a rain gauge to which the discharger has ready access at all times within eight kilometres of the discharger's plant, unless there is an Environment Canada meteorological station within eight kilometres of the plant.

(10) Subsection (9) does not apply in relation to a plant at which a storm water sampling point has not been established under subsection 6 (1).

(11) Subsection 3 (29) of the General Effluent Monitoring Regulation does not apply where a direct discharger is governed by this Regulation. O. Reg. 202/90, s. 2.

**3. The Regulation is amended by adding the following section:**

**DUPLICATE SAMPLES**

**23a.** For the purposes of sections 24 to 26, where a direct discharger collects a composite sample using an automatic composite sampling device, the discharger may, instead of collecting a duplicate sample, remove an aliquot from each sample container used to collect the sample, in which case the direct discharger shall analyze the aliquots as if they were duplicate samples. O. Reg. 202/90, s. 3.

**4. Section 25 of the Regulation is amended by adding the following subsection:**

(8a) Despite subsection (8), a direct discharger need not analyze travelling spiked blank samples prepared under subsection (7) for parameters in analytical test groups 9 and 12. O. Reg. 202/90, s. 4.

**5. Subsection 29 (11) of the Regulation is revoked and the following substituted:**

Exemption—The Richmond Hill Hydro-Electric Commission—RICH-T-1.

Made—April 4th, 1990.

Approved—April 4th, 1990.

Filed—April 27th, 1990.

**ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT**

**EXEMPTION—THE RICHMOND HILL  
HYDRO-ELECTRIC COMMISSION—RICH-T-1**

Having received a request from the Richmond Hill Hydro-Electric Commission that an undertaking, namely:

the activities of planning, designing, land acquisition, constructing and operating a new 230 kV to 27.6 kV transformer station for the Town of Richmond Hill on lands within the Parkway Belt between Yonge Street and Bayview Avenue on the north side of future Highway 407,

be exempted from the application of the Act pursuant to section 29; and

Having been advised that the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property will occur:

- A. The people of Richmond Hill will be interfered with as a result of insufficient electrical supply for the Town of Richmond Hill for periods of interruption or supply reduction (“brown outs”) as well as fluctuating line voltages which may be potentially damaging to sensitive electronic equipment such as computers;
- B. The proponent and its customers will be damaged and interfered with by the undue expense required to prepare an Environmental Assessment for an undertaking which will have only minimal effects on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part in Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is environmentally insignificant and delays in construction will result in power supply difficulties for the projected supply required by 1993.
- B. The proponent has prepared an Environmental Site Selection Study Report that demonstrates that the environmental effects of construction and operation of transformer station will be very limited and not adverse.
- C. The public and property owners have been made aware of the proposed construction of the transformer station and the proponent advises that there are no outstanding public concerns.
- D. The proponent has carried out pre-submission consultation with the Ministry of the Environment, and circulated the proposal to appropriate Ministries, Agencies and local municipalities for comment. Contact with these groups will be maintained throughout the construction stage of the undertaking.

This exemption is subject to the following terms and conditions:

- 1. This exemption shall expire if construction is not commenced by June 30, 1991.
- 2.—(1) The maximum design levels for noise at the point of reception shall be established in accordance with the Ministry of the Environment Publication NPC-133.
- (2) The noise level of the power transformers to be installed will be tested by Richmond Hill Hydro in accordance with the Canadian Standards Association Publication CAN3-C88-M79.
- (3) If the tests under subcondition (2) establish that the facility noise level exceeds the design levels established in subcondition (1), a noise mitigation study outlining the proposed mitigation measures to reduce the noise impact shall be submitted to the Director, Approvals Branch, Ministry of the Environment, for approval. Approved mitigation measures shall then be undertaken by Richmond Hill Hydro forthwith.
- (4) The noise level of the power transformers shall be tested by Richmond Hill Hydro from time to time to ensure compliance with the maximum design level established in subcondition (1).
- 3. The design and implementation process for the facility will be carried out by Richmond Hill Hydro according to the Environmental Site Selection Study Report and recommen-

dations contained therein; and will be made known by Richmond Hill Hydro to the appropriate government agencies and property owners in the area.

- 4. The transformer station will be enclosed with materials of a design and composition compatible with the adjacent Langstaff Business Park as required by the Town of Richmond Hill.
- 5. Mitigation of any adverse environmental effects during construction shall be undertaken by Richmond Hill Hydro in accordance with section 4 of Ontario Hydro's "Environmental Guidelines for the Construction and Maintenance of Transmission Facilities (1986)".
- 6. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
- 7. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of any exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
- 8. Within thirty days of completing construction and again within thirty days of completing the approved mitigation measures, if any, the proponent shall submit a report to the Director of the Environmental Assessment Branch, Ministry of the Environment, outlining how conditions 1 through 5 were met. O. Reg. 221/90.

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 222/90.

Exemption—The Corporation of the City of Peterborough—PETE-C-1.

Made—April 4th, 1990.

Approved—April 4th, 1990.

Filed—April 27th, 1990.

ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE  
CITY OF PETERBOROUGH—PETE-C-1

Having received a request from The Corporation of the City of Peterborough (the "Proponent") that an undertaking, namely:

A modification to the design and operation of its landfill site, located on part of Lot 14 in Concession 14, Otonabee Township, involving a change in the sequence of cell utilization and a change to an engineered system for Cells I and J and Cells E and F, to preclude migration of contaminants to the property boundary in contravention of the Ministry's Reasonable Use Policy, without increasing currently approved types or quantities of waste, serviced areas or populations served, and an interim expansion to provide sufficient capacity to ensure disposal of waste until a replacement facility resulting from the ongoing Waste Management Master Plan is in operation,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Proponent will be subject to delay and expense if it is required to prepare an environmental assessment for the undertaking.
- B. The Proponent will be subject to unnecessary delay and expense in implementing its long term waste management program.
- C. The Proponent, its residents and others served by the site will be without a municipal solid waste disposal facility.
- D. Use of the site in the currently approved sequence and without the required engineered changes to preclude contaminant migration in excess of "Reasonable Use Policy" may lead to contamination of the natural environment. An amended application for Emergency Approval to use Cells I and J as an interim measure was approved by the Ministry of the Environment on July 5, 1989.
- E. The site, as presently approved, does not have sufficient capacity to dispose of the service area's waste until a new facility is found and approved through the ongoing Waste Management Master Plan process.
- F. Waste which is currently stockpiled on Cells G and H may present a health hazard if not properly encapsulated or otherwise

removed. This proposal incorporates the resolution of that problem.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned, the Minister of the Environment, is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame. A new replacement facility emanating from the ongoing Waste Management Master Plan is not anticipated before mid-1994.
- B. Alternatives which have been investigated do not appear to resolve the potential contamination of the natural environment nor do they provide adequate capacity for Peterborough's waste, pending commissioning of a facility through the ongoing Waste Management Master Plan.
- C. A mandatory public hearing under Part V of the *Environmental Protection Act* for the approval of changes to the design and operation and for an interim expansion will be held thereby permitting the public and government agencies the opportunity to review the proposed changes to the site.
- D. The Proponent is participating in a long term waste management program in accordance with the *Environmental Assessment Act* and it is anticipated that sufficient elements of that program will be implemented prior to the conclusion of the exempt undertaking to ensure that further exemptions from the *Environmental Assessment Act* are not required.
- E. If this exemption is not granted, then it is likely that damage to the natural environment will occur.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the

approval to proceed as well as the conditions of this order.

- 2. By January, 1992, the Proponent will present a detailed proposal consisting of a plan and generic schedule for its long term strategy for waste management to the Director, Environmental Assessment Branch, and send copies to the Director, Approvals Branch, and to the Regional Director, Central Region of the Ministry of the Environment.
- 3. The Proponent shall file an annual report, commencing no later than December 31, 1990, outlining the municipality's progress in achieving abatement at the existing site and progress in implementing the long term waste management strategy. This report will be submitted to the Director, Environmental Assessment Branch, Ministry of the

Environment, for filing with the Public Record kept under section 31 of the Act by the Branch located at 250 Davisville Avenue, 5th Floor, Toronto, Ontario, M4V 1P5. Copies of the report shall be given to the Director, Approvals Branch, and Regional Director, Central Region.

- 4. No waste shall be deposited at the site pursuant to this order more than five years after the date of any Provisional Certificate of Approval or Certificate of Approval issued for the purpose of this order nor after the equivalent of 280,000 metric tonnes of waste being received subsequent to January 1, 1989.
